

## STAR DEEP WATER PETROLEUM LIMITED

A Chevron Company  
OPERATOR OF THE AGBAMI UNIT (OML 127/128)

### TENDER OPPORTUNITY PROVISION OF SAFE WELDING HABITAT NipeX Tender No: Stardeep0000063

#### INTRODUCTION

Star Deep Water Petroleum Limited (SDWPL) invites interested and prequalified companies for this tender opportunity for the Provision of Safe Welding Habitat Services. The services are estimated to commence first quarter of 2020 for two (2) years with an optional 1-year extension.

This scope covers all items required for the supply and installation of flexible, positive pressurized safe welding habitats and mobile gas detection/shutdown equipment.

The Safe Welding Habitat activities shall be supplied and installed, for Welders' use, in a simultaneous operations mode on operating (live) facilities. Therefore, all powered equipment associated with the habitat shall be certified for the area in which it will be operating.

#### SCOPE OF WORK/SERVICE REQUIREMENTS

##### Offshore Scope

The offshore scope shall include installing and maintaining the safe welding pressurized habitat to create a safe enclosure when there is a requirement for hot work in potentially hazardous areas, in and around any of the offshore topside modules which have been divided into the following main categories:

- Accommodation - superstructure
- Helideck
- Main deck area & Poop deck areas
- Module 1P - Port lay-down area
- Module 2P- Power generation
- Module 3P Sea water injection
- Module 4P Oil inlet module
- Module 5P Oil production train No1
- Module 6P Oil production train No2
- Module 1S Lay down module
- Module 2S Power generation No1
- Module 3S Future module
- Module 4S Gas Compression No1
- Module 5S Gas Compression No2
- Module 6S Gas compression No3
- Module 7P Flare

The use of the safe welding habitat shall cause minimum disruption to FPSO process facilities and operations. It shall be used to provide a safe enclosure for welders to carry out repair or replacement of process pipe work and equipment, removal and replacement of hand rails, removal and replacement of deck plate and walkways, vessel internal and external nozzle repairs, crane boom structural repairs and refurbishment, housing Non IS equipment, riser and caisson installation, and applying specialist coatings or removing insulation which requires temperature controlled enclosures, and as required in other applications.

##### Onshore Scope

- Where required by company, the onshore scope of work shall include project management, planning, storage, load out and sea fastening of safe welding habitat equipment, materials, miscellaneous tools and consumables to support the Agbami FPSO and other Company facilities and assets.

#### MANDATORY TENDER REQUIREMENTS:

A. To be eligible for this tender exercise, interested bidders are required to be pre - qualified in the 3.05.07 - Scaffolding / Rigging / Covering Services (Access towers, Erection, Powered-Habitat) category in the NipeX Joint Qualification System (NJQS) database. All successfully pre-qualified suppliers in this category will receive the Invitation To Tender (ITT)

B. To confirm if you are pre-qualified and view the product/service category you are listed for: Open <http://vendors.nipexjqs.com> and access NJQS with your log in details. Click on Products/Services tab to view your status and product codes
