### 3.0 MANDATORY REQUIREMENTS

- To be eligible for this exercise, interested Tenderers are required to be pre-qualified and 'live' in the SLICKLINE SERVICES category in NipeX Joint Qualification System (NJQS) database. All successfully pre-qualified suppliers in this category will receive a Technical Invitation to Tender (ITT).
- To determine if you are pre-qualified and view the product/service category you are listed for: Open <http://vendors.nipex-ng.com> and access NJQS with your log in details, click on continue Joint Qualification Scheme tool, click check my supplier status and then click supplier product group.
- If you are not listed in a product/service category, but you are registered with NUPRC to do business, contact NipeX office at 8 Bayo Kuku Road, Ikoyi, Lagos. with your NUPRC certificate as evidence for verification and necessary update.
- To initiate the JQS pre-qualification process, access <http://vendors.nipex-ng.com> to download the application form, make necessary payments and contact NipeX office for further action
- To be eligible, all tenders must comply with the Nigerian Content requirements in the NipeX system

### 4.0 NIGERIAN CONTENT

Tenderers are to note that they will be requested in the technical tender to provide details of their relevant strategy to ensure that they fully comply with the Nigerian Oil & Gas Industry Content Act, 2010 as provided at <http://www.ncdmb.gov.ng/images/GUIDELINES/NCACT.pdf>, because non-compliance will constitute a fatal flaw in all contract evaluations.

Considering the above, Tenderers shall be expected by the Nigerian Content Development Monitoring Board (NCDMB) to:

- Demonstrate that the entity proposed for execution of the service is a Nigerian Registered Company or Nigerian Registered Company as the contracting entity in genuine

- alliance or joint venture with foreign company with details on scope and responsibilities of parties for this work. Such companies must show evidence of joint venture binding agreement duly signed by the CEO of both companies including evidence or plans of physical operational presence and set-up in Nigeria. (Please note that for Land and Swamp activity, only Nigerian registered company in accordance with section 106 of the NOGICD Act 2010, shall participate in the tender).
- b. Furnish details of company ownership and shareholding structure. Also, submit photocopies of its CAC Forms CO2 and CO7.
  - c. Tenderer to Develop a Nigerian Content Plan which shall explain the methodology of how TENDERER intends to comply with the requirements of The Act, The Nigerian Content Plan approved for this tender and how to achieve the set target(s) in the Schedule of the Nigerian Oil & Gas Industry Content Development Act and any targets set by The Board. How it intends to give first consideration to services provided from within Nigeria, give first consideration to goods manufactured in Nigeria and first considerations for employment and training of Nigerians in the work programme.
  - d. Tenderer shall provide a detailed description of the location and evidence of ownership (certificate of ownership, lease agreement, layout drawings and photographs) of in-country committed facilities & infrastructure (assets, equipment, technical office, and administrative space, storage, workshop, assembly area, repair & maintenance, testing, laboratory, etc.) in Nigeria to support the contract.
  - e. Tenderer shall submit verifiable evidence of ownership of the equipment (list of equipment (in the form of purchase receipt, bill of laden) which shall be obtained from the TITT document submitted by the IOC/Operator). Tenderer shall also note that International or multinational companies working through a Nigerian subsidiary must demonstrate that a minimum

- 50% of equipment to be deployed for execution of work shall be owned by the Nigerian subsidiary by providing a list of equipment for this tender and indicating those that will be owned by the Nigerian subsidiary.
- f. Tenderer shall submit a valid category C Nigerian content equipment certificate (NCEC) issued by NCDMB demonstrating that tenderer is the owner of the relevant equipment that will be used to execute service scope of work.
  - g. In line with the NCD Human Capacity Development Initiative, tenderer shall commit to providing Project-Specific training, man-hour, budget, skill development and understudy plan for Nigerian personnel utilizing OGTAN registered trainer(s) or other approved NCDMB training institution(s).
  - h. Tenderer shall submit its corporate organizational and project/contract specific organogram. The project organogram shall describe the names and nationality of key personnel that will execute the scope of work (key personnel shall be obtained from the Draft ITT submitted by IOC/Operator) and CVs of all personnel listed in the project organogram shall be provided.
  - i. Tenderer shall submit a plan for the materials/products that would be procured from Nigerian manufacturers and the estimated quantities to comply with the targets for these materials in the Schedule of the Act, including how first consideration is given to goods and services of Nigerian origin. (the materials/products to be procured shall be obtained from the draft ITT).
  - j. Provide a plan for the utilization of third-party services of Nigerian origin and Nigerian sub-contractors in executing the work (the third-party services relevant to executing the work scope shall be obtained from the draft ITT).
  - k. Evidence of Registration on the NCDMB NOGIC JQS Portal

Please note that failure to provide any of the above documentation (or requirements) will be a fatal flaw.

## 5.0 CLOSING DATE

Only tenderers who are registered with NJQS in the Product/Service category Code 3.04.25 as at 1700hrs on 4<sup>th</sup> March 2022 being the advert closing date shall be invited to submit Technical Bids.
