

SHELL PETROLEUM DEVELOPMENT COMPANY OF NIGERIA LIMITED (SPDC)

**TENDER OPPORTUNITY: PROVISION OF CALL OFF SERVICES FOR BODO REMEDIATION PROJECT
PHASE 3A - MANGROVE SUPPLY AND PLANTING**

NIPEX TENDER NUMBER: SPDC.00000394

TENDER REF: CW487479

NCDMB CERT. NO.: ES/NCDMB/SPDC-ADV/UPD/250521

1.0 INTRODUCTION

The Shell Petroleum Development Company (SPDC) as Operators of the Joint Venture between itself and the Nigerian National Petroleum Corporation (NNPC), on behalf of the Joint Venture hereby invites reputable and competent registered Nigerian companies (Department of Petroleum Resources (DPR), National Oil Spill Detection & Response Agency (NOSDRA) and Rivers State Ministry of Environment registered and licensed) with proven experience in provision of environmental services including oil spill remediation, forestry and biodiversity conservation to apply for inclusion into the bid list for the **Provision of Call-off Services for Bodo Remediation Project Phase 3A - Mangrove Supply and Planting** listed in the scope of work below.

The Bodo clean-up area is located between Latitudes 4.55 to 4.64 and Longitudes 7.23 to 7.28 along the eastern Niger River delta dominated by former mangrove areas, tidal flats, mud- and/or sand-shorelines and open-water channels. The objective of the mangrove revegetation project is to re-introduce mangrove seedlings in former mangrove areas to encourage ecosystem recovery.

Bidders will be expected to demonstrate their capability and capacity to accept and deal with the financial and technical complexities associated with a contract of this magnitude and this evidence will be required in the next stage of this Tender. SPDC hereby invites submissions from reputable and competent Nigerian registered companies having requisite proven experience in the **Provision of Call-off Services for Bodo Remediation Project Phase 3A - Mangrove Supply and Planting**

2.0 SCOPE OF WORK.

The summary of scope of work includes but is not limited to the underlisted while the detailed scope will be provided as part of the ITT.

- Supply of healthy mangrove seedlings with a mix of red (~95%, *Rhizophora* sp.), black (~4% *Avicennia germinans*) and white (~1% *Languncularia racemose*) including replacement of dead seedlings
- Planting of mangrove seedlings at an approximate distance of 2 m equating to a plant per 4 m² over an area of 758.85 hectares amounting to approximately 2 million plants.
- Ensure that seedlings were healthy and properly handled and planted, giving the plant an optimum chance for survival.
- Additional remediation works as may be required where die off is observed and replacement of dead seedlings
- Provision of all labour and all logistics for supply and planting the mangrove seedlings.

Note: Bidders are advised to visit the Bodo project site in Ogoni land, Rivers State (at their cost) before submitting their commercial bids and provide evidence of community support from the Bodo Contact Committee.

3.0 MANDATORY REQUIREMENTS

1. To be eligible for this tender exercise, interested contractors are required to be pre-qualified in the Product/Service category in the NipeX Joint Qualification System (NJQS) below.
