March - April 2018

## Inside this Edition

## NipeX OPERATIONS: JQS & eMARKETPLACE

NipeX Status Update	1
Effective Way to Maximize Tender Adverts on NipeX System	1
Frequently Asked Questions	2

The Joint Qualification System (JQS) is designed to pre-qualify Suppliers registered in Nigeria. It increases efficiency and instills integrity in the pre-qualification process of the Nigerian oil and gas industry.

The eMarketplace is a collaborative environment that delivers significant value to all Stakeholders in the contracting process through a comprehensive suite of capabilities.

### Our Vision

*To provide an industry platform for fast, efficient and transparent supply chain transactions.*

### Our Mission

*Build transaction confidence in the supply of goods and services in Nigeria's oil and gas industry by continually adapting to the needs of customers and other Stakeholders.*

### NipeX STATUS UPDATE AS @ MARCH 09, 2018

Supplier Status in NipeX JQS	
Total No. Of Pre-qualified Suppliers	4,902
Tender Status in NipeX	
Opportunity Phase	341
Technical Phase	420
Commercial Phase	162
Total No. Of Tenders	923

### Effective Way to Maximize Tender Adverts on NipeX System

By default, the homepage of NipeX system is accessed via: [www.nipex-ng.com](http://www.nipex-ng.com). This page does not require any access login details. It allows the public to view the un-secured area of the portal, i.e. viewing tender opportunities in the industry, NJQS registration requirements, NipeX bi-monthly newsletter and other generic information.

#### Key Points on Tender Adverts on the Portal

- i. A Tender advert that the closing date is yet to elapse in the NipeX portal is not a request to all suppliers in NJQS database to respond immediately by submitting their bids.
- ii. Effective January 2010, Adverts published changed from "Invitation for Pre-qualification" to "Tender Opportunity".
- iii. Tender opportunities are advertised by the Operators when there is a need to purchase a product/service that is above their approval threshold. Upon receipt of the necessary approvals from NNPC, the Tender

adverts run concurrently on the NipeX portal and in select Nigerian newspapers for fifteen (15) working days.

- iv. The published adverts on the NipeX portal provide Suppliers with increased access to business opportunities in the Upstream Sector of the Nigerian Oil & Gas industry. They are categorized into two (2), viz: current and archived opportunities.
- v. The current opportunities are tender adverts that eligible Suppliers can participate in before the closing date. While the archived opportunities are tender adverts whose closing dates have past and no longer open to Suppliers for participation.

#### Who is eligible to participate in advertised tender opportunities?

Only Suppliers who are Pre-qualified and 'Live' with the relevant NJQS Products / Services codes and category as at the advert close date of the specific advertised tender shall be eligible and invited to submit Technical Bids and then Commercial bids if technically qualified.

**Effective Way to Maximize Tender Adverts on NipeX System**

**Tips for Pre-qualified Suppliers participating in advertised tender opportunities:**

- Ensure you do not allow your NipeX subscription to expire before renewal. Your company status in NipeX should always read 'Live' and never 'Expired'.
- Ensure you annually update your company information e.g. renewed DPR certificate that covers all your product codes, contact details and address etc
- Ensure you access your NipeX box at least thrice a week to view Bid invitation
- Adhere to the Password policy when changing passwords for Log in
- Respond to bids as early as possible. Do not wait for the last day (Submission deadline)

**Current Tender Advert Opportunities in NipeX System**

Name of Operator	Title of Advert	Closing Date
Shell	Provision Of Casing And Tubing Connection Services & Repairs	26/3/18
Total	Maintenance Of Pressure Safety Valves (PSVS) On JV Offshore Sites	28/3/18
Total	Maintenance Of Pressure Safety Valves (PSVS) On JV Onshore Sites	28/3/18

**Frequently Asked Question****Question:**

I cannot access and respond to a bid invitation. Every time I click on the bid invitation, it shows "page cannot be displayed"

**Answer:**

If you log on to the NipeX system and get a "Page cannot be displayed" message after clicking on a link, it is likely that your internet connection is unstable.

To rectify this, click on the link again. If the problem persists, try using a more stable internet connection with appropriate bandwidth (Refer to bandwidth specification under general enquiries).

**NipeX NEWS & EVENTS****NipeX Participates in WAIPEC & Kaduna International Trade Fair**

NipeX participated in the concluded West Africa International Petroleum Exhibition and Conference (WAIPEC) & Kaduna International Trade Fair on February 07 - 08, 2018 at Eko Hotel & Suites, Lagos and from February 23 to March 05, 2018 at Kaduna Trade Fair Arena, Kaduna respectively.

Our participation at the event explored avenues for NipeX to project its brand, showcase its service offerings and create awareness about its operations in the Nigerian Oil and Gas industry.

**Important Notice to All Suppliers**

A guide on new NipeX Product code booklet vs DPR Permit is available in the 'Downloads' section of NipeX portal.
