NipeX OPERATIONS: JQS & eMARKETPLACE

The Joint Qualification System (JQS) is designed to pre-qualify Suppliers registered in Nigeria. It increases efficiency and instills integrity in the pre-qualification process of the Nigerian oil and gas industry.

The eMarketplace is a collaborative environment that delivers significant value to all Stakeholders in the contracting process through a comprehensive suite of capabilities.

Highlights

1. First commercial use of SRM 7.0 for NPDC Tender, 26th of January 2016
2. Budget 2016 was passed hitch free
3. Plans to conclude on comprehensive standard Product Harmonized Code
4. Concluded Training for SAP-SRM 7.0 for Operators (Suppliers will be trained 'just in time' to participate in a tender bid process)
5. Progression of new tenders began in SAP-SRM 7.0 in February, 2016
6. London Office IT Infrastructure commences in anticipation of more robust use of SRM 7.0
7. Training modules will soon be offered online
8. Need to upload RFQ during commercial phase long before deadline for bid closing
 - a. If you wait for last minute to upload, you will have difficulty because of stress on system as a lot of people will be trying to access the portal at same time. (it can be likened to 400 people trying to go through a door at the same time)
 - b. All uploads of RFQs, no matter the time it is uploaded, cannot be opened until the day appointed by the Operators and Staff of NAPIMS. This system insures that there is no manipulation as every tender RFQ at commercial is opened at the same time. It is a free and fair process as there is no human intervention.

Frequently Asked Questions

Question:

Are all Suppliers in the NJQS database required to pay the annual renewal fee?

Answer:

No, Effective January 2014, only Pre-qualified Suppliers in the NipeX database are mandatorily required to pay the Annual Renewal fee of Twenty thousand naira (N20,000). However, all Suppliers are expected to update their company information on the NipeX portal annually.

Question:

I cannot access and respond to a bid invitation. Every time I click on the bid invitation, it shows "page cannot be displayed"

Answer:

If you log on to the NipeX system and get a "Page cannot be displayed" message after clicking on a link, it is likely that your internet connection is unstable.

To rectify this, click on the link again. If the problem persists, try using a more stable internet connection with appropriate bandwidth (Refer to bandwidth specification under general enquiries)
