1. INTRODUCTION

Chevron Nigeria Limited, Operator of NNPC/CNL Joint Venture, invites interested and prequalified indigenous companies for this tender opportunity for the Provision of Caterpillar Equipment and Engine maintenance Services which shall be in all Company's locations. This includes Chevron Nigeria Limited (CNL) Operational bases or at other locations as required to support CNL's oil and gas production activities including Projects, Shutdowns and Turnarounds.

The contract is proposed to span a period of two (2) years with a possible optional term of one (1) year duration.

2. SCOPE OF WORK

The scope of work for the services includes the provision of a high standard of Caterpillar Equipment and Engine Overhaul Testing and Maintenance services. These services include but are not limited to the following:

- Engine overhaul and exchange of Caterpillar full oil and gas product line
- Testing / Overhaul Facility
- Equipment upgrading, servicing and repairs
- Small component overhaul
- Scheduled and unscheduled maintenance
- Periodic routine inspection and performance testing
- Diagnostics, troubleshooting and / or emergency inspection
- Corrective maintenance
- Engineering Assistance on Gas and Diesel Caterpillar Packages
- Field Service Support
- OEM Certified Training to Company personnel

Contractor's activity shall enormously contribute to Oil and Gas Production in the form of reliability and availability of the equipment within scope of services. To ensure that Contractor fulfils COMPANY requirement under the contract, Contractor may be required at short notice any time to make provision for an overhauled engine and execute unscheduled maintenance in order to restore the equipment to running condition. This may involve Emergency Response Telephone Assistance from the OEM's central engineering support staff.

The Contractor will be required to establish and develop for approval by COMPANY a "Three (3) Years Maintenance and Caterpillar Engine Exchange Program" including a work Schedule for the routine inspection and maintenance of the Gas and Diesel Caterpillar Packages and their ancillaries. The Plan will take account of the need for Contractor to review and improve equipment performance and produce monthly reports as well as advise on changes to procedures/ OEM service bulletins that may be recommended for the optimization of equipment performance.

Proposed services will be for maintenance and engine exchanges for Gas and Diesel Caterpillar packages supporting Chevron Nigeria Limited (CNL) oil and gas production facilities in offshore, land and swamp locations including operational and logistics base e.g. Lagos, Port Harcourt, Warri and other locations.
