

**MOBIL PRODUCING NIGERIA UNLIMITED**  
An ExxonMobil Subsidiary  
Operator of the NNPC LTD/MPN Joint Venture

**Tender Opportunity:**  
**PROVISION OF COILED TUBING AND NITROGEN PUMPING SERVICES**  
**NipeX Number: MPN.0000246**

**1. INTRODUCTION**

Mobil Producing Nigeria Unlimited (MPN) operator of the NNPC/MPN Joint Venture (JV) plans to engage competent and qualified Companies to provide **Coiled Tubing and Nitrogen Pumping Services** for its development Drilling & Well work Program operations on its offshore location(s) in NNPC/MPN JV acreages.

Anticipated contract term is two (2) years with an additional one (1) year optional period.

**2. SCOPE OF WORK**

The scope of work shall involve provision of personnel, equipment, and consumables associated with Coiled Tubing Equipment and Nitrogen Pumping services to be utilized on a periodic callout basis.

Equipment will include; skid mounted coiled tubing unit, 1-1/2 or 2" coiled tubing string, down hole tools, work reel, injector head, operators control cabin, data acquisition, power pack unit, fluid pumping unit, pressure control equipment, coiled tubing lifting frame (complete with associated equipment), chemical tanks, mixing tanks, nitrogen, nitrogen tanks and spare components. System provided to be rated for 10,000 psi working pressure. Individual component dead weight for lifting onto the MODU is limited to 45 metric tons

Prior to mobilization, all of Contractors equipment and materials must be inspected, prepared, marked, and documented in accordance with all applicable Contractor, Buyer, and regulatory standards and specifications. Inspection documentation must be approved by Buyer prior to mobilization.

Contractor shall provide Coiled Tubing Services and Equipment that comply with Company and industry standards and specifications.

The Contractor shall provide scope of work including the following applications:

1. Unloading (nitrogen circulation)
2. Matrix Stimulation
3. Clean-outs (motor, milling, acid treatment, etc.)
4. Logging
5. Perforation (Stiffline ("e"line), or TCP-Hydraulic, etc.)
6. Fishing
7. Plugging and Abandonment
8. Velocity String Application
9. Remedial stimulation

The Coiled Tubing Contractor shall perform and provide the following, as required by Company:

1. Contractor shall provide the Coiled Tubing equipment, Services, and personnel required to perform the work required by the Contract.
2. Contractor shall ensure all equipment, Services, and personnel provided in conjunction with provision of Coiled Tubing Services comply with the requirements of the Contract, including both the technical and quality requirements as well as all applicable regulatory requirements.
3. Contractor shall perform system integration / compatibility assessment of all Contractor equipment with any auxiliary equipment provided by Company and / or through a third party. The system integration / compatibility assessment shall include but not limited to:
  - a. Feasibility of equipment interface
  - b. Load bearing calculations
  - c. Understanding of the impact and operability of the auxiliary equipment relative to the planned operations
  - d. Comprehensive risk assessment exercise on the overall integrated system. Results of the study shall be reviewed and accepted by Company.
4. Contractor shall provide a comprehensive report for all services to Company within a reasonable period of time after completion of each service at no additional cost to Company. Reports shall be in both hard copy and electronic copy formats as specified by Company.
5. Contractor shall maintain adequate materials, equipment and qualified personnel in Port Harcourt/Onne Port, to provide services on tentative two (2), separate drilling/work over units operating concurrently with six (6) wells per year for an estimated 12 wells per year. Adequate equipment and personnel shall include:
  - a. Back-up equipment for use during periods of scheduled and unscheduled maintenance.
  - b. A staffing plan that allows for 24-hour operations.

- d) To initiate the JQS pre-qualification process, access [www.nipex-ng.com](http://www.nipex-ng.com) to download application form, make necessary payments and contact NipeX office for further action.

**4. NIGERIAN CONTENT**

Company is committed to the development of the Nigerian Oil and Gas business in compliance with the Nigerian Oil and Gas Industry Content Development Act 2010 (NOGICD Act) enacted by the Federal Government of Nigeria in April 2010.

As from the commencement of this Act, the minimum Nigerian Content in any project, service or product specification to be executed in the Nigerian Oil and Gas Industry shall be consistent with the level set in the Schedule to the Act and any other targets as may be directed by the Nigerian Content Development and Monitoring Board (NCDMB).

NNPC/MPN JV requires their Contractors to comply with the Act, its attached Schedule and any applicable regulation developed by the NCDMB.

Nigerian Content (NC) in the Nigerian oil and gas industry is defined as:

"The quantum of composite value added to or created in the Nigerian economy by a systematic development of capacity and capabilities through the deliberate utilization of Nigerian human, material resources and services in the Nigerian oil and gas industry."

"Nigerian company" is a company formed and registered in Nigeria in accordance with the provisions of Companies and Allied Matters Act with not less than 51% equity shares by Nigerians.

Tenderers shall consider Nigerian content as an important element of their overall project development and management philosophy for project execution.

**As part of their technical tender submissions, prequalified Tenderers shall:**

- (a) Demonstrate that entity is a Nigerian registered company. Submit certified true copies of CAC forms 10, 02 & 07 (or its equivalent; CAC 2.3, 2.4, 2.5, etc.) including company memorandum & article of association and/or evidence of entity's incorporation, shareholding & ownership structure in Nigeria
- (b) Tenderer shall provide evidence of NCEC Category 1,2,3,4 or 5 under the Services and Support group (SS), to demonstrate capacity and capability in executing the work scope.
- (c) Provide evidence of what percentage of your key management positions is held by Nigerians and what percentage of the total work force are Nigerians. Also, show overall percentage of work to be performed in Nigeria and those by Nigerian resources relative to total work volume.
- (d) Tenderer shall comply with the latest approved version of NCDMB HCD guideline by committing (via a letter of undertaking) to providing Project-Specific training, man-hour, budget, skill development and understudy plan for Nigerian personnel utilizing OGTAN registered trainer(s) or other approved NCDMB training institution(s).
- (e) Tenderer shall provide Location of in-country facilities (not limited to administrative office) to execute the work scope

Tenderer's failure to comply with the NOGICD Act or demonstrate commitment to Nigerian Content development will result in Tenderer's disqualification.

**5. CLOSING DATE**

Only Tenderers who are registered and have **LIVE** status in the **1.0.11 (Coiled Tubing Tools and accessories)** and **3.04.18 (Well Overhauling / Stimulation Services)** categories in NipeX Joint Qualification Scheme (NJQS) database as at **1600 hours on 23 Dec 2022** being the advert closing date shall be invited to submit Technical Bids.

**6. ADDITIONAL INFORMATION**

- a) Interested suppliers must be prequalified for this product/service category in NJQS
- b) Full tendering procedure will be provided only to contractors that have been successfully prequalified in NJQS
- c) This advertisement shall neither be construed as an Invitation to Tender (ITT) nor a commitment on the part of MPN to award a contract to any supplier and/or associated companies, sub-contractors or agents
- d) This advertisement shall not entitle prequalified companies to make any claims whatsoever, and/or seek any indemnity from MPN and/or its partners by virtue of such companies having been prequalified in NJQS
- e) All costs incurred in registering and prequalifying for this and other product/service categories in NJQS shall be borne solely by suppliers
- f) Suppliers that are prequalified for this product/service category in NJQS must ensure that their names and contact details (physical address, email address and telephone number) of their company and authorized/responsible personnel is up-to-date in their company profile in the NJQS database
- g) MPN shall communicate only with the authorized/responsible personnel of prequalified companies and not through unauthorized individuals or agents.
