

NIGERIAN AGIP OIL COMPANY LIMITED RC2974

Operator of the NNPC/NAOC/OANDO OIL LIMITED.

ADVERT FOR TENDER OPPORTUNITY

PROVISION OF LINER HANGER AND FLOAT EQUIPMENT SUPPLY & SERVICE FOR NAOC JV OPERATIONS

NipeX Tender No. 1000006071

1. INTRODUCTION

The Nigerian Agip Oil Company limited (NAOC) has a requirement to issue LINER HANGER AND FLOAT EQUIPMENT contract for the Scope of Work identified below on NAOC land and swamp locations for three (3) years firm period plus one (1) year optional extension.

NAOC therefore invites submissions for the purpose of technical evaluation from suitable and reputable companies having the capability and experience to undertake the under defined scope of work:

2. SCOPE OF WORK

The COMPANY requires the services of a specialized CONTRACTOR able to carry out the following services for the provision of Liner Hanger and Float Equipment **for NAOCJV in land and swamp areas.**

CONTRACTOR shall supply all equipment, including consumables and spare parts, vehicles, qualified personnel, technical assistance and documentation necessary to carry out the running and setting of Liner Hanger, Tie-Back and ancillary equipment as requested by COMPANY. The services shall include but not limited to:

- Preparation of detailed operative program based on the information provided by COMPANY;
- Running and setting of Liner Hangers Systems;
- Running and setting of Top Liner Packers, Tie-Backs and associated equipment;
- For the execution of the service, the CONTRACTOR shall:
 - Provide personnel, equipment and products necessary to plan and coordinate, supervise and perform the services;
 - Provide assistance and technical support to WELL SITE personnel;
 - Provide technical interface to COMPANY;
 - Supply the requested quantity and type of equipment and materials to perform the work.
- Provide all the quality control documents related with supplied, equipment and materials.
- Provide a Service Base to support the foreseen operation.
- Carry out, co-ordinate and move CONTRACTOR equipment and goods to and from the EMBARKATION POINT.
- Maintain a comprehensive inventory of equipment required to successfully carry out the entire operations;
- Maintain, repair and calibrate all the EQUIPMENT according to a maintenance program as per CONTRACTOR QA/QC System. This maintenance program shall be available for COMPANY verification;
- Maintain appropriate quality control on supplied products (also at WELL SITE);
- Provide all consumable and spare part equipment on a consignment basis;
- Prepare and submit the necessary detailed technical reports and other documentation as directed by COMPANY;
- Provide reporting of operation as required by COMPANY.

Failure to meet any of these requirements shall lead to outright disqualification.

CONTRACTOR shall conform to **ISO 9000** series International Standard. All the activities shall be carried out with minimum impact on the environment and maximum care of health and safety of all concerned, directly or indirectly, with the activities.

3. MANDATORY REQUIREMENTS

To be eligible for this tender exercise, interested contractors are required to be registered in the following Product/Service Categories in the NipeX Joint Qualification System (NJQS) database:
