NipeX OPERATIONS: JQS & eMARKETPLACE

The Joint Qualification System (JQS) is designed to pre-qualify Suppliers registered in Nigeria. It increases efficiency and instills integrity in the pre-qualification process of the Nigerian oil and gas industry.

The eMarketplace is a collaborative environment that delivers significant value to all Stakeholders in the contracting process through a comprehensive suite of capabilities.

BENEFITS OF PROMPT RENEWAL OF NipeX SUBSCRIPTION

Our Vision

To provide an industry platform for fast, efficient and transparent supply chain transactions.

Our Mission

Build transaction confidence in the supply of goods and services in Nigeria's oil and gas industry by continually adapting to the needs of customers and other Stakeholders.

NipeX STATUS UPDATE As @ APRIL 24, 2019

Supplier Status in NipeX JQS

Total No. Of Pre-qualified Suppliers	5,391
--------------------------------------	-------

Tender Status in NipeX

Opportunity Phase	442
Technical Phase	543
Commercial Phase	220
Total No. Of Tenders	1,205

A supplier who has been pre-qualified in the NipeX System becomes uploaded into the NipeX database and automatically assumes the "LIVE" status.

Every Pre-qualified supplier in NipeX database is visible to both NipeX and the IOCs/Operators.

However, the "LIVE" status for every pre-qualified supplier runs for a period of 12 months and thereafter expires on the anniversary of the company's first pre-qualified date with NipeX.

Once the subscription expires, the company's "LIVE" status changes automatically to "EXPIRED" status and the company is mandatorily required to renew the subscription in the NipeX database.

Failure to do this will make it impossible for the company to receive future ITTs/Bids as long as the company status remains in the "EXPIRED" mode.

In this regard, it is important to point out an erroneous assumption commonly observed with suppliers:

most suppliers do not remember their renewal date and therefore fail to renew subscription as and when due. When this prevents them from receiving current ITT, they come up with allegation of outright omission. Most suppliers assume that the renewal date is same as renewal payment date. Please note that your renewal date is not same as the date payment is made for renewal of subscription.

Some pre-qualified suppliers want to hurriedly renew subscription when there is a tender advert of interest that has few days to close.

In order to create adequate awareness in pre-qualified suppliers, explanation is given below on each of the above points.

Subscription renewal date is the anniversary of the company's first pre-qualification date with NipeX.

The renewal date is fixed and distinct from the date payment is made for renewal of subscription.

Any pre-qualified supplier who is in doubt of the company's renewal date should please contact either E-Market Operations Department or Customer Support for clarification via e-mail to: operations@nipex.com.ng or customersupport@nipex.com.ng

Assuming your subscription renewal date is March 10, this implies that every year, your subscription expires on March 10. The pre-qualified supplier is expected to initiate the process to renew subscription a week to this renewal date and should send all documents and payment receipt to Customer Support within March 3- 10.

Peradventure, the pre-qualified supplier fails to renew until February 20 of the subsequent year, on March 10 of the same year the subscription will expire and he/she will be required to renew again.

If the pre-qualified supplier fails to renew for three years, when renewing, payment must be made for the three past years and an additional year before the company's status will become "LIVE". Failure to renew subscription does not exempt the company from making past renewal payments, but will deny the company from bid participation.

STEPS TO RENEW NipeX SUBSCRIPTION

The subscription renewal process for companies on the NipeX portal involves the following steps:

Download the renewal form from the NipeX portal; www.nipex-ng.com under the down-

[Load icon.](#)

NipeX: ...Fast, Efficient and Transparent

BENEFITS OF PROMPT RENEWAL OF NipeX SUBSCRIPTION

Make the renewal payment of twenty thousand (₦20,000.00) Naira on Remita stating purpose of payment details on the form.

Forward the payment details, the renewal form and the following documents to NipeX:

Reference letter from your Bank addressed to the General Manager, NipeX

- Payment Receipt
- CAC Certificate
- Forms CO2 and CO7
- Renewal form
- DPR Certificate
- VAT Certificate
- TAX Certificate
- PENCOM Certificate
- ITF Certificate

All these documents should be sent as one scanned document to customersupport@nipex.com.ng

HOW TO MAKE PAYMENT FOR NJQS REGISTRATION / RENEWAL ON REMITA PORTAL

Log on to www.remita.net

When it opens up

Click on pay a federal Government agency (it will bring out a form for you)

On Name of MDA, type National Petroleum (before you finish typing petroleum a box will drop down with National Petroleum and Investment management Services. Click on it.

On name of service/purpose: Click on the box and a menu will drop. Click on National Petroleum and investment services Fees.

On Description, type the appropriate fee you are paying for:

NJQS Registration fee-NGN 25,000.00

NipeX NEWS & EVENTS

NJQS Product Code Addition-US\$ 2,000.00 @prevailing exchange rate.

NJQS Penalty fee-NGN 177,000

Then proceed to fill in your company's Name, E-mail and Telephone number

Key in the characters into the box (usually four) and click proceed to payment.

When this is done another page will drop with your RRR code. You will then print out that page and take it to the bank to make your payment or pay online.

REASONS FOR DELAYED RENEWAL

Some pre-qualified suppliers delay the subscription renewal process due to failure to:

Properly fill the renewal form

Send all above listed relevant documents to Customer Support.

Some pre-qualified suppliers also assume that once payment for renewal is made and the receipt scanned to customer support, the renewal process will be concluded by NipeX.

Please note that after the renewal payment, without the other documents which are listed above, renewal of subscription cannot be concluded. Until this is done, the pre-qualified supplier stands to miss out on all bids since Invitation to Tender (ITT) would not be published to such company.

A pre-qualified company can only receive published ITT if it satisfies the two conditions below:

Has the product category/product code(s) specified in the Tender

Is "LIVE" on the day the Tender closes.

Current Tender Advert Opportunities in NipeX System
