NipeX OPERATIONS: JQS & eMARKETPLACE

The Joint Qualification System (JQS) is designed to pre-qualify Suppliers registered in Nigeria. It increases efficiency and instills integrity in the pre-qualification process of the Nigerian oil and gas industry.

The eMarketplace is a collaborative environment that delivers significant value to all Stakeholders in the contracting process through a comprehensive suite of capabilities.

Our Vision

To provide an industry platform for fast, efficient and transparent supply chain transactions.

Our Mission

Build transaction confidence in the supply of goods and services in Nigeria's oil and gas industry by continually adapting to the needs of customers and other Stakeholders.

ACCESSING THE NipeX SYSTEM

Key points to Note On The Use of the NipeX System

These are information/guidelines required to access and navigate through the NipeX system successfully:

- A. The recommended internet speed is 512kbps (upload and download) or higher.
- B. NipeX system works perfectly well on **Google chrome** and **Mozilla firefox**.
- C. Ensure all your activities are within the NipeX environment.

- B. Ensure you do not allow your NipeX subscription to expire before renewal.
- C. Ensure you annually update your company information e.g. renewed DPR certificate that covers all your product codes, contact details and address etc.
- D. You do not require a User ID & password to access the Public opportunities on the NipeX portal. They are domiciled on the public domain of the NipeX portal, www.nipexng.com.
- E. To access the tender opportunities, log on to NipeX website: www.nipexng.com. Then click on 'Public Opportunities' tab and click on 'Current Opportunities'. Identify the relevant Operator Portal by the company name and logo and click on the identified tender advert link.
- F. Ensure you access your NipeX box at least three times a week to view Bid invitation using your User ID & password.

General Documents on NipeX Portal

- A. The documents should not be too large for quick upload.
- B. Ensure the documents are broken into smaller sizes (2-4 Megabytes) or quick and easy upload.
- C. Do not upload zip folders, Upload each file separately .
- D. When you click on a tab or an icon, allow the system to respond. Several clicking of a tab or an icon can lead to transaction lock.

Frequently Asked Questions:

Question:

When does a Supplier's registration subscription on NipeX expire?

Answer:

A supplier's subscription expires on the anniversary of the company's first registration with NipeX. A mandatory annual update of the questionnaire is required and failure to subscribe annually in the NJQS database will make it impossible to receive future Tenders. (Please note that it is not from your date of renewal payment).

Question:

Is the NipeX pre-qualification audit going to cut off the technical site visit for some tenders?

Answer:

No, the pre-qualification audit will not stop technical site visit for some tenders. NipeX pre-qualification audit is distinct/different from technical site visit.

NipeX Holds' Workshops

With respect to NipeX continuous enlightenment of all stakeholders on our activities, a Buyer and Approver workshops were held on September 16 and October 26, 2021. The fora provided avenue for NAPIMS Operators to brainstorm on ways towards making NipeX deliver more value to its stakeholders.
