FREQUENTLY ASKED QUESTIONS

Question:

When does a Supplier’s registration subscription on NipeX expire?

Answer:

A supplier’s subscription expires on the anniversary of the company’s first registration with NipeX. A mandatory annual update of the questionnaire is required and failure to subscribe annually in the NJQS database will make it impossible to receive future Tenders. (Please note that it is not from your date of renewal payment).

Question: Is the NipeX pre-qualification audit going to cut off the technical site visit for some tenders?

Answer: No, the pre-qualification audit will not stop technical site visit for some tenders. NipeX pre-qualification audit is distinct/different from technical site visit.
